

INSIDE PASSAGE ELECTRIC COOPERATIVE, INC.

SCHEDULE GS - 3 – LARGE POWER INTERRUPTIBLEAVAILABILITY

Available to customers who have their own power generation capability and satisfy the conditions of service.

TYPE OF SERVICE

60 Hertz at the Cooperative's standard voltage.

RATES

First 60,000 kWh	\$0.2267 per kWh
Next 240,000 kWh	\$0.1918 per kWh
All kWh in excess of 300,000	\$0.1799 per kWh

CUSTOMER CHARGE

The Customer Charge is \$160.00 per month.

STANDBY CHARGE

If a customer elects to temporarily convert to its own generation, a standby charge of \$54.97 per kilowatt of the customer's peak demand measured during the most recent comparable historical period to that of the voluntary interruption in the Cooperative's service shall be charged for each billing period during which the customer voluntarily converts to its own generation, except that by prior arrangement with the Cooperative, a customer may convert to its own generation for a period, or periods, not to exceed, in the aggregate, eight (8) hours in any calendar quarter for the purpose of testing its equipment.
